

## Our Full Range OF Services

Driver Skills Limited provides training solutions for Company Car and Van Drivers using a modern and dynamic approach combining the latest techniques and skills from motorsport and police driving.

### On Road Driver Training and Assessment in All UK Areas

We can provide advanced defensive driver training in all areas of the UK from our team of over 200 DSA Approved Facilitators. The training can be adapted to suit your budget or requirements. The options are either a 1:1 or 2:1 training ratio over a full day or half day and the content can be adapted to your requirements.

### Online Driver Risk Assessment + E- Learning

DriverSkills can provide your business with a state of the art online driver risk assessment and training tools to ensure that you make the most effective use of your training budget by accurately targeting higher risk drivers.

### Team Training Days

Our team training days are challenging and informative and make unique team building events. The content can focus on training or fun or a combination of both! These events are the most popular as they are a great way to both reward staff and comply with your training obligations. The days include lunch and are held at our York Venue. The most popular options are below;

- Half day option - Skid Control Training
- Full day option - Skid Control Training combined with On Road Defensive Driving.

### Corporate Hospitality

We can also provide excellent conference facilities for large or small groups on site through our link with the Yorkshire Air Museum. This is a great way to combine a meeting with driver training.

### Speed Awareness Courses

This course on speed and awareness of the possible consequences of speeding is combined with general on road awareness and advanced driving techniques.

### Eco-Safe Training

All our defensive driving courses contain an element of Eco-Safe training. This is a way of driving that reduces fuel consumption and vehicle 'wear and tear' to help you save money on vehicle running costs and promote a greener company image.

### UK Familiarisation Courses

This course is designed specifically for those who are unused to driving in the UK, for example, employees visiting from abroad, or new residents.

### Advanced Driving Test Training

Our advanced driving test package will improve your employees defensive driving skills on the road and give them the opportunity of obtaining an additional advanced driving qualification.

### Chauffeur Driver Training

This specialised training is specifically designed for chauffeurs or professional drivers looking to develop their driving skills in any area.

### Safer Driving Presentations

We can deliver presentations and workshops for corporate groups covering any safer driving subject, from higher level road skills to our very popular winter driving courses.
